

Making Your Benefit Elections

The choices you make during Open Enrollment shape the benefits that will cover you and your family throughout the coming year.

Your next opportunity to change your benefit elections will be Open Enrollment for 2025 (to take effect January 1, 2025) unless you experience a qualifying event, which includes specified changes in family or employment status. For more information about qualifying events and your options if you experience one, visit <https://hr.northwestern.edu/benefits/>.

Do I need to participate in Open Enrollment?

Yes! ✓

If currently enrolled:

- » In Northwestern benefits and you want to change your benefit elections for 2024.
- » In a Health Savings Account* and/or a Flexible Savings Account (Limited Health Care FSA, Health Care FSA or Dependent Care FSA) and you want to continue to contribute to the account(s) in 2024.

If not currently enrolled:

- » In Northwestern benefits and you want to enroll for coverage for 2024.
- » In an HSA* or FSA but you want to contribute to one or more of these accounts for 2024.

No! ✓

If currently enrolled in Northwestern benefits and:

- » You do not want to contribute to an HSA* or FSA in 2024, and/or
- » You want your other benefit elections to remain as-is for 2024.

If not currently enrolled in Northwestern benefits and you do not want to be enrolled in Northwestern benefits for 2024.

* To contribute to an HSA you must be enrolled in the Value PPO medical plan.

Changes made during this Open Enrollment will take effect January 1, 2024, and changes in monthly premiums will be reflected in your first paycheck in 2024. **Important!** If currently contributing to an HSA or FSA and you don't renew your contributions for 2024 during this Open Enrollment, your contributions will default to \$0 as of January 1, 2024.

Online Benefits & Well-Being Fair

During Open Enrollment plan to visit our online Benefits & Well-Being Fair.

Visit <https://hr.northwestern.edu/benefits/> from any device, at any time. You can visit virtual booths and watch videos to learn about your benefits as well as communicate directly with vendor representatives.

The Benefits & Well-Being Fair will be available starting October 16, 2023.

About 2024 Premium Costs

For 2024, the three PPO plans for all salary tiers will have premium increases of approximately 5%, which reflects the national average increase for medical plan premiums. As this increase will affect all salary tiers this year, and in recognition of the financial pressures many feel, the University increased its contribution percentage by 16-31% (the range reflects the various tiers). The goal is always to provide the most competitive and comprehensive coverage to you and your families.
